

**Calendar** **Happy New Year**

**President's Message**

I trust everyone had good holidays and the start of a prosperous New Year. As Diane Lary takes over the duties of president, I know she will do a great job as I have all the confidence in her abilities. You as a group are fortunate to have her as president and the new board members as they are a great group.

I will be moving to the Tampa area at the end of January and will join art groups up there. I have been researching and found a lot of activity in the arts there.

God bless and will certainly keep in touch.

If it was easy it wouldn't be worth the effort.

Yours in the Arts,

Lionel Sanchez

## Meeting Updates/ Demos

### Fall Exhibition Pick Up

Thank you all for your support and help these past two years. It has been a privilege to serve as exhibition chair. Remember that pick up for the fall show is Saturday, January 25 10am to 12pm. Please be there or arrange for someone to pick up your painting.

-Cathy Allsman

### December Holiday Meeting

The MWS Holiday Meeting was fabulous. We had a Paint out and everyone seemed to have a wonderful time. Many people participated. Each person started on their own painting with reference photo and when the timer buzzed they all passed their painting to the next person. Everyone then proceeded to paint on that painting, and so on, and so on, and so on. It was a lot of fun and many who didn't paint wished they had. Be sure to come to the January Meeting and see what the paintings look like now.

## Upcoming Events

### January Demo

Kenneth Kurtz is a Professor Emeritus in the Department of Theatre Arts at the University of Miami, where he taught Theatre history, Scenic and Lighting Design, Scene Painting and the History of Decor. To be a scenic designer for the theatre is to master the art of perspective, not just for large scale full stage painted backdrops but for dimensional onstage constructions as well. He would like to demonstrate tools for improving perspective in paintings to MWS and finding vanishing points (which are often multiple) and for negotiating the geometry of diminishing repeats as in telephone poles, columns, and even window mullions. There is also the very tricky matter of curves in perspective. Finally, natural items like human beings and trees can be affected by the height of a viewing point.

### MWS By-Laws Update

The By-Laws Committee has completed the revision of the MWS By-Laws. This included updating them with the current terminology and clarifying committee responsibilities. The By-Laws are ready for members to review. They will be available on the MWS website, Members Only section (password required). Members will vote on the new By-laws at the January meeting. Please review them and plan to attend the January 12<sup>th</sup> General Meeting to vote.

### Pigeon Key Paint out–Sign up at the Meeting

The Paint out at Pigeon Key is on. MWS is partnering with the Florida Keys Watercolor Society for the Paint out/ Field Trip, February 5<sup>th</sup> 2014. If you are interested please sign up at the January meeting, space is limited. The cost for the boat ride to the island will be about \$10. You should plan to bring your supplies and a lunch. Remember to pack light. Contact Terry Mulrooney with questions, terry@terrymulrooney.com.
